An individualised approach helps nurture a love of learning; develop social skills, and instil moral values. The emphasis is on developing in students, self confidence and the ability to effectively communicate in English as well as in Hindi; teachers ensure this through effective use of language and by encouraging children to express themselves freely. A well-balanced curriculum and theme-based instruction help the young minds integrate their learning smoothly. The emphasis is on exploring, knowing, understanding and forming their own ideas.

The principles of learning applied in Kindergarten include Holistic Development and Learning (Aesthetics and Creative Expression, Language and Literacy, Numeracy, Self and Social Awareness); Integrated Learning; Active Learning; Supportive Learning; Interactive Learning and Learning through Play.

The curriculum prepares children for a smooth transition to a more formal Primary curriculum.
